

Gram Pukar's purpose is to empower individuals through sustainable entrepreneurship.

We align with 8 UN SDGs;

SDG 1: No Poverty by creating income opportunities through skill development and market access.

SDG 4: Quality Education, our digital learning LMS programs provide inclusive, flexible training.

Our women-focused initiatives advance **SDG 5:** Gender Equality, fostering leadership and economic independence.

SDG 8: Decent Work and Economic Growth- we equip individuals with globally relevant 21st century skills and entrepreneurial tools, driving local economic progress.

Through mobile-first platforms and community hubs, we enhance access to technology, supporting **SDG 9:** Industry, Innovation, and Infrastructure.

Sustainability efforts, such as our eco-friendly products, promote **SDG 12:** Responsible Consumption and Production and **SDG 13:** Climate Action.

Additionally, partnerships with institutions strengthen our efforts toward **SDG 17:** Partnerships for the Goals.

Hence, with a blend of tradition, innovation, and technology, Gram Pukar empowers individuals as key drivers of sustainable development
